## TOWN OF HUMBOLDT NEWSLETTER June 1, 2019

As summer gets into full swing soon, we are again asking all Town residents to "adopt a highway" or at least part of a highway. Grass cutting of the Town ditches will begin soon as well, so any help would be appreciated in making that task easier. The Town staff asks that you pick up and dispose of any refuse found in the ditches near your homes. If necessary contact a board member for disposal info.

Also, Please be mindful of your garbage when transporting it to the Recycle center. **Make sure your containers are covered** to prevent paper, plastic and other garbage from flying out onto the roads and into the ditches. We want the Town roads to be clean and would appreciate any help we can get.

**THE LITTLE HUMBOLDT COMMUNITY LIBRARY!** Feel free to drop of new books and/or exchange books that are already there. It is located on the north side of the Town Hall. We do not accept movies, like VHS tapes. Puzzles are ok to leave if you want.

Anyone with any knowledge of area culverts that might be in need of repair or replacement, please contact a board member so we can check it out as well.

If anyone would like to receive this newsletter by email, please contact Judy Baierl at baierl05@centurytel.net (that is an ell, not a one, in my email)
